DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1-5, 7-9 and 14-16 are rejected under 35 U.S.C. 102(b) as being anticipated by WO0303075.

WO0303075 discloses a powder diffusing nozzle comprising all the featured elements of the instant invention, see Figures 22 and 26-31.

3. Claims 1-3, 6-8 and 14-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Chabert.

Chabert discloses a powder diffusing nozzle comprising all the featured elements of the instant invention, note sidewall 16, passage 62, and deflector 58.

Allowable Subject Matter

4. Claims 10-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Page 3

5. The prior art made of record and not relied upon is considered pertinent to applicant's

disclosure. Huffman and Haruch show nozzles with deflectors in the end wall and Crum et al

show a spray nozzle with the ionization spike on the outside of the nozzle.

6. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Steven J. Ganey whose telephone number is 571-272-4899. The

examiner can normally be reached on 9:00-5:00; Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Kevin Shaver can be reached on 571-272-4720. The fax phone number for the

organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent

Application Information Retrieval (PAIR) system. Status information for published applications

may be obtained from either Private PAIR or Public PAIR. Status information for unpublished

applications is available through Private PAIR only. For more information about the PAIR

system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR

system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would

like assistance from a USPTO Customer Service Representative or access to the automated

information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
